

Please.

My name is Kristie Hubler, and I own  
[www.fabricatedframes.com](http://www.fabricatedframes.com)

All of my artwork, and creative endeavors were born  
from me, and me alone.

If people have access to my work without paying for  
it, and using it just to make a buck, it would be as  
if I were being raped, or having a child I bore ripped  
out of my arms, never to be seen again.

I side with the IPA.

Thank you!

Kristie Hubler
