

How to Make Statutory License Royalty EFT Payments via Wire

Electronic Royalty Payments

Cable systems, satellite carriers, and digital audio recording technology (DART) manufacturers and importers under the copyright statutory licenses must make their royalty fee payments by using electronic funds transfer (EFT). See the *Federal Register*, August 10, 2006 (71 FR 45739) available at www.copyright.gov/fedreg/2006/71fr45739.html. An EFT payment provides advantages to the remitter and the Copyright Office as the agency responsible for the collection and distribution of the royalty fees. EFTs can be transmitted either as an Automated Clearing House (ACH) credit or a Fedwire (“wire”) transaction depending upon how you arrange the transfer through your financial institution, or as an ACH debit using the U.S. Treasury Department Financial Management Service’s web-based remittance system, *Pay.gov*. This circular contains instructions on how to originate a wire transfer through your financial institution.

Procedure to Make an EFT Payment Via Wire

- Contact your financial institution to determine if it can transfer funds via the Fedwire Deposit System.
- Settlement of the wire must occur by the appropriate filing deadline. Settlement generally occurs on the same banking day the wire is transmitted. Check with your financial institution on timing to avoid interest payments.
- Provide the bank with the specific instructions below so that a Funds Transfer Deposit Message can be transmitted to the Treasury Department:

<i>Receiver ABA number:</i>	021030004
<i>Receiver name:</i>	TREAS NYC
<i>Beneficiary account:</i>	00007985
<i>Beneficiary name:</i>	Register of Copyrights
<i>Beneficiary info:</i>	See “Payment Related Instructions”

Payment-Related Instructions

A description of subfields and their order for payment-related information follows:

Subfield Description

- APC-** A 3-digit subfield indicating the accounting period covered by the electronic transfer. The second accounting period for 1995 is indicated by "952." If the payment covers multiple accounting periods use "MAP" as the subfield and indicated on the cover letter the accounting period for each statement.
- NSA-** A 5-digit subfield with leading zeros representing the number of statements of account the transfer covers, "00001" for 1 statement and "00095" for 95 statements.

- LNR-** The last subfield is for the legal name of the owner of the cable system or satellite carrier or the DART manufacturer or importer covered by the electronic transfer payment and one "community served" if a cable system.

NOTE: All subfields in the payment related information area must end with a "/". The remitter should inform the financial institution that transmits the ACH to use care and ensure that all information is provided in the prescribed format. Failure to provide the information in the prescribed format may cause a delay of the transfer.

How to File the Statement of Account
